INDEPENDENT AUDITORS' REPORT

August 10, 2015

The Honorable City Mayor Members of the City Council City of Harvey, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Harvey, Illinois, as of and for the year ended April 30, 2011, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Firefighter's Pension Trust Fund. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Firefighter's Pension Trust Fund, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

City of Harvey, Illinois August 10, 2015 Page 2

Basis for Qualified Opinion

The City was unable to furnish bank reconciliations and supporting documentation in the General Fund and Water Fund or supply appropriate supporting documentation for the expenditures made from the Center Street TIF as they relate to the TIF Revenue Bonds 2009A and the TIF Revenue Bonds 2010. The effects of those departures on the General Fund, Center Street TIF, Water Fund, Governmental Activities, and Business-Type Activities financial statements are not reasonably determinable. In our opinion, disclosure of that information is required to conform with accounting principles generally accepted in the United States of America.

Opinions

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Harvey, as of April 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

City of Harvey, Illinois August 10, 2015 Page 3

Other Matters – Continued

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Harvey, Illinois', financial statements as a whole. The combining and individual fund financial statements and schedules and supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis April 30, 2011

Our discussion and analysis of the City of Harvey's financial performance provides an overview of the City of Harvey's financial activities for the fiscal year ended April 30, 2011. Please read it in conjunction with the City of Harvey's financial statements, which begin on page 3.

FINANCIAL HIGHLIGHTS

- The City of Harvey's net position decreased as a result of this year's operations. Net position of business-type activities decreased by \$931,803, or 9.1 percent and net position of the governmental activities also decreased by \$5,492,837, or 10.3 percent.
- During the year, government-wide revenues for the primary government totaled \$33,066,361, while expenses totaled \$39,491,001, resulting in a decrease to net position of \$6,424,640.
- The City of Harvey's net position totaled (\$49,576,607) on April 30, 2011, which includes (\$24,473,439) net investment in capital assets, \$12,028,573 subject to external restrictions, and (\$37,131,741) unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported a deficit this year of \$3,874,299, resulting in ending fund balance of (\$21,408,203), a decrease of 22.1 percent.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 4-7) provide information about the activities of the City of Harvey as a whole and present a longer-term view of the City of Harvey's finances. Fund financial statements begin on page 8. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City of Harvey's operations in more detail than the government-wide statements by providing information about the City of Harvey's most significant funds. The remaining statements provide financial information about activities for which the City of Harvey acts solely as a trustee or agent for the benefit of those outside of the government.

Management's Discussion and Analysis April 30, 2011

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the City of Harvey's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 4-7 of this report.

The Statement of Net Position reports information on all of the City of Harvey's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Harvey is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the City of Harvey's property tax base and the condition of the City of Harvey's infrastructure, is needed to assess the overall health of the City of Harvey.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Harvey that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Harvey include general government, public safety, public works, and community development. The business-type activities of the City of Harvey include water, sewer and parking operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Harvey, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Harvey can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Management's Discussion and Analysis April 30, 2011

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements – Continued

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City of Harvey's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City of Harvey maintains sixteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Motor Fuel Tax Fund, Debt Service Fund, Economic Development Fund, TIF I Dixie Square Fund, Hotel/Motel Fund, and TIF II Center Street Fund, which are considered major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Harvey adopts an annual appropriated budget for all of the governmental funds except the Road Fund, the Special Assessment Fund, the Motor Fuel Tax Capital Projects Fund, the Dixie Sibley Fund, the TIF IV Wyman Gordon Fund, the Hotel/Motel Fund, and the Economic Development Fund. A budgetary comparison schedule for the budgeted funds has been provided to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 8-13 of this report.

Proprietary Funds

The City of Harvey maintains only enterprise proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government–wide financial statements. The City of Harvey utilizes enterprise funds to account for its water, sewer, and parking operations.

Management's Discussion and Analysis April 30, 2011

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Proprietary Funds – Continued

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Fund, which is considered to be a major fund. Individual fund data for the four nonmajor enterprise funds are provided elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 14-16 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Harvey's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 17-18 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19-63 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Harvey's I.M.R.F. and police and fire employee pension obligations, other post-employment benefit plan and budgetary comparison schedule for the General Fund Motor Fuel Tax Fund. Required supplementary information can be found on pages 64-69 of this report. Combining and individual fund statements and schedules can be found on pages 70-99 of this report.

MD&A 4

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the City of Harvey, liabilities/deferred inflows exceeded assets/deferred outflows by \$49,576,607.

	Net Position					
	Governm	nental	Busine	ess-type		
	Activi	ties	Acti	vities	Total	
	2011	2010	2011	2010	2011	2010
Current/Other Assets	\$ 11,225,711	11,173,719	15,226,856	12,061,899	26,452,567	23,235,618
Capital Assets	6,003,693	6,413,990	9,110,387	9,692,218	15,114,080	16,106,208
Total Assets	17,229,404	17,587,709	24,337,243	21,754,117	41,566,647	39,341,826
Long-Term Debt Other Liabilities/Deferred Inflows Total Liabilities	57,296,178 18,839,987 76,136,165	53,397,055 17,586,578 70,983,633	7,914,060 7,093,029 15,007,089	8,368,576 3,123,584 11,492,160	65,210,238 25,933,016 91,143,254	61,765,631 20,710,162 82,475,793
Net Postion Net Investment in Capital Assets Restricted Unrestricted (Deficit)	(25,298,836) 12,028,573 (45,636,498)	(24,807,233) 9,331,451 (37,920,142)	825,397 - 8,504,757	855,120 - 9,406,837	(24,473,439) 12,028,573 (37,131,741)	(23,952,113) 9,331,451 (28,513,305)
Total Net Position	(58,906,761)	(53,395,924)	9,330,154	10,261,957	(49,576,607)	(43,133,967)

A large portion of the City of Harvey's net position, (\$24,473,439), reflects its investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Harvey uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Harvey's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$12,028,573, of the City of Harvey's net position represents resources that are subject to external restrictions on how they may be used. The remaining (\$37,131,741) represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

	(00,00,01)	(,,-=-)		.,	(-,-,-,-,-,)	(=,===;= =, ; ; ; ; ;

The net position of the City of Harvey's governmental activities decreased by 10.3 percent (a \$58,906,761 deficit in 2011 compared to a \$53,413,924 deficit in 2010). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled a deficit \$45,636,498 at April 30, 2011 for the governmental activities.

The net position of business-type activities decreased by 9.1 percent (\$9,330,154 in 2011 compared to \$10,261,957 in 2010).

MD&A 6

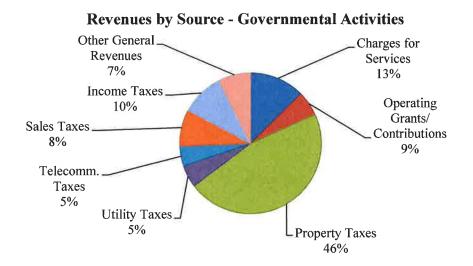

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

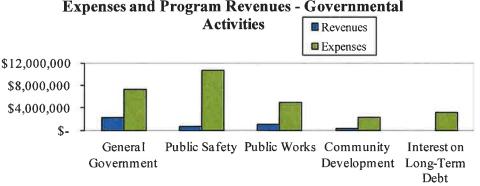

Governmental Activities

Revenues for governmental activities totaled \$23,774,763, while the cost of all governmental functions totaled \$28,507,181. This results in a deficit of \$4,732,418 prior to transfers out of \$760,419. In 2010, expenses of \$31,345,955 exceeded revenues of \$23,930,765 resulting in a deficit of \$7,415,190 prior to transfers out of \$759,146. During 2011, the City decreased expenses for the general government, public works and community development functions. Revenues came in only \$156,002 less than 2010, primarily due to the consistent revenues received by the City from 2010 to 2011.

The following table graphically depicts the major revenue sources of the City of Harvey. It depicts very clearly the reliance of property taxes to fund governmental activities. It also clearly identifies the less significant percentage the City receives from income and sales taxes.

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues.

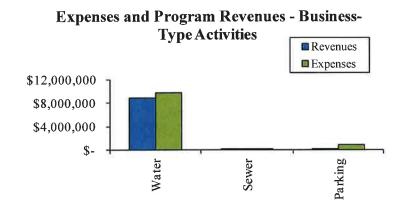

Expenses and Program Revenues - Governmental

Management's Discussion and Analysis April 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Business-Type activities

Business-Type activities posted total revenues of \$9,291,598, while the cost of all business-type activities totaled \$10,983,820. This results in a deficit of \$1,692,222 prior to transfers in of \$760,419. In 2010, expenses of \$9,853,044 exceeded revenues of \$9,391,600, resulting in a deficit of \$461,444 prior to transfers in of \$759,146.

The above graph compares program revenues to expenses for utility operations.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City of Harvey uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of Harvey's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The City of Harvey's governmental funds reported combining ending fund balances of (\$5,261,307), which is \$1,097,465 lower than last year's total of \$4,163,842. Of the (\$5,261,307) total, (\$21,499,865) of the fund balance constitutes unrestricted fund balance.

The General Fund reported a deficit in fund balance for the year of \$3,874,299, a decrease of 22.1 percent. This was due in large part to revenues for taxes, intergovernmental items, and charges for services being significantly lower than budgeted. Specifically, the budgeted amount for these three revenue sources totaled \$20,050,920 and the actual amount totaled \$16,977,871. These variances are further outlined on the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance.

MD&A 8

Management's Discussion and Analysis April 30, 2011

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

Governmental Funds - Continued

The General Fund is the chief operating fund of the Village. At April 30, 2011, unassigned fund balance in the General Fund was (\$21,499,865).

The Debt Service Fund reported a deficit for the year of \$372,042, due mainly to transfers out of \$760,419 to the Water Fund.

The Motor Fuel Tax Fund reported a surplus in the current year of \$616,016, due primarily due to an increase in revenues received compared to lower expenditures in the current year.

The Economic Development Fund reported a surplus of \$143 for the year due to no expenditures in the current year.

The TIF I Dixie Square Fund reported a surplus for the year of \$438,452. This increase was due having more property taxes received during the year and only a slight amount of expenditures.

The Hotel/Motel Fund reported a surplus of \$32 during the year. The Fund had a transfer in from the General Fund of \$557,375 to reimburse for debt service expenditures during the year.

The TIF II Center Street Fund had a surplus of 1,895,208. This surplus was due to a debt issuance of \$5,000,000 and was offset by additional capital outlay expenditures.

Proprietary Funds

The City of Harvey's proprietary funds provide the same type of information found in the governmentwide financial statements, but in more detail.

The Village reports the Water Fund as a major proprietary fund. The Water Fund accounts for all of the operations of the water system. Water is purchased from the City of Chicago. The spread between purchase and sale rates is intended to finance the operations of the utility system, including labor costs, supplies, and infrastructure maintenance.

The City of Harvey intends to run the fund at a breakeven rate. Periodically, there will be an annual surplus or draw down due to timing of capital projects. The deficit in the Water Fund during the current fiscal year was \$202,823, while the previous fiscal year reported a surplus of \$464,268. Unrestricted net position in the Water Fund totaled \$8,481,688 at April 30, 2011.

MD&A 9

Management's Discussion and Analysis April 30, 2011

GENERAL FUND BUDGETARY HIGHLIGHTS

The City of Harvey Council made no budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$18,553,317, compared to budgeted revenues of \$21,795,820. As stated earlier, revenues for taxes, intergovernmental items and charges for services were significantly lower than budgeted.

The General Fund actual expenditures for the year were \$788,807 higher than budgeted (\$22,877,195 actual compared to \$22,088,388 budgeted). This is due mainly to the general government function being over budget by \$1,102,826.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City of Harvey's investment in capital assets for its governmental and business type activities as of April 30, 2011 was \$15,114,080 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and property, machinery and equipment, vehicles and infrastructure.

This year's major additions included:

Buildins and Property Machinery and Equipment	\$ 109,463 42,500
ĝ.	 151,963

Additional information on the City of Harvey's capital assets can be found in note 3 on pages 37-38 of this report.

Management's Discussion and Analysis April 30, 2011

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration

At year-end, the City of Harvey had total outstanding debt of \$52,162,193 as compared to \$48,373,447 the previous year, due primarily to a \$5,000,000 revenue bond issuance during the year offset by annual repayments on other outstanding long-term debt. The following is a comparative statement of outstanding debt:

		Long-Term Debt Outstanding						
		Govern	imental	Busine	ss-type			
	_	Activ	vities	Activ	vities	To	Total

Additional information on the City of Harvey's long-term debt can be found in Note 3 on pages 40-46 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's elected and appointed officials considered many factors when setting the fiscal year 2012 budget, including tax rates, and fees that will be charged for its various activities. One of those factors is the economy. The City is faced with a similar economic environment as many of the other local municipalities are faced with, including inflation and unemployment rates.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Harvey's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to City of Harvey, 15320 Broadway Avenue, Harvey, Illinois 60426.

MD&A 11

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

4

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Funds

Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended April 30, 2011

Net Change in Fund Balances - Total Governmental Funds	\$ (1,097,465)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital Outlays Depreciation Expense	151,963 (562,260)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal on long-term debt consumes the current financial resources of the governmental funds.	
Deductions to Compensated Absences Payable	614,907
Additions to Net Pension Obligation Payable	(1,694,261)
Additions to Net Other Post-Employment Benefit Obligation Payable	(10,399)
Deductions to Self Insurance Claims	1,689,167
Issuance of Debt	(5,000,000)
Additions to Accretion - General Obligation Capital Appreciation Bonds	(38,746)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Harvey, Illinois (the City) is located in Cook County and was first incorporated in 1890 under the provisions of the constitution and general statutes of the State of Illinois. The City operates under a Council administrator form of government. The City Council consists of six elected members that exercise all powers of the City but are accountable to their constituents of all their actions. The City provides the following services as authorized by the charter: police protection, fire protection, public works operations, road and bridge maintenance and general administration.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the City's accounting policies established in GAAP and used by the City are described below.

REPORTING ENTITY

The City's financial reporting entity comprises the following:

Primary Government:

City of Harvey

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

Police Pension Employees Retirement System

The City's police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the City is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the City, the PPERS is reported as if it were part of the primary City because its sole purpose is to provide retirement benefits for the City's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

Notes to the Financial Statements April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

REPORTING ENTITY – Continued

Firefighters' Pension Employees Retirement System

The City's sworn firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of those employees and is governed by a five-member pension board, with two members appointed by the City President, two elected from active participants of the Fund, and one elected from the retired members of the Fund. The participants are required to contribute a percentage of salary as established by state statute and the City is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the City, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the City's sworn firefighters. The FPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the FPERS.

BASIS OF PRESENTATION

Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's police and fire safety, highway and street maintenance and reconstruction, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The City's water, parking, and sewer services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations.

The City's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The City first utilizes restricted resources to finance qualifying activities.

Notes to the Financial Statements April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements - Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions and business-type activities (general government, public safety, public works, etc.). The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges for services, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales and use taxes, certain intergovernmental revenues, permits and charges for services, etc).

The City does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity/net position, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

Notes to the Financial Statements April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The City electively added funds, as major funds, which either have debt outstanding or a specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the City:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

General fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The City maintains two special revenue funds. The Motor Fuel Tax Fund, a major fund, is used to account for the operations of street maintenance programs and capital projects as authorized by the Illinois Department of Transportation. Financing is provided by the City's share of gasoline taxes.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund, a major fund, is used to account for the accumulation of financial resources for the payment of principal and interest on the City's long-term debt.

Notes to the Financial Statements April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Governmental Funds - Continued

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The City maintains twelve capital projects funds. The Economic Development Fund, a major fund, is used to account for the proceeds of debt used for the acquisition of construction of capital projects. The TIF I Dixie Square, also a major fund, is used to account for the restricted incremental property taxes of the Dixie Square Tax Incremental Financing District. The Hotel/Motel Fund, a major fund, is used to account for the assigned proceeds of the debt issuance and the uses of those funds. The TIF II Center Street Fund, also a major fund, is used to account for the incremental property taxes of the TIF II Tax Incremental Financing District and the use of those funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the City:

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity is (a) financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The City maintains five enterprise funds. The Water Fund, a major fund, is used to account for the provision of water to the residents of the City. All activity necessary to provide such services is accounted for in this fund including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity by the City for others and therefore are not available to support City programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Notes to the Financial Statements April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Fiduciary Funds – Continued

Pension trust funds are used to account for assets held in a trustee capacity by the City for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay pension costs. Resources are contributed by police force members at rates fixed by state statutes and by the government through an annual property tax levy. The Firefighters' Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the City's Fire Department.

The City's pension trust funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party (pension participants) and cannot be used to address activities or obligations of the City, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position.

Notes to the Financial Statements April 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The City recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70.

A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Income tax will exceed the sixty day recognition period due to the State of Illinois and the long delay with releasing these funds. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary and pension trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system.

Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report charges for services as their major receivables.

Prepaids/Inventories

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the City as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by the governmental activities) the government chose to include all such items regardless of their acquisition date. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Property	5 – 40 Years
Machinery and Equipment	5 – 40 Years
Vehicles	5 – 20 Years
Infrastructure	15 – 40 Years
Other Equipment	3 – 15 Years

Compensated Absences

The City accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund types Statement of Net Position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenditures/expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements April 30, 2011

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

BUDGETARY INFORMATION

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to July 31, the Mayor submits to the City Council a proposed operating budget for the fiscal year commencing the previous May 1. The operating budget includes proposed expenditures and the means of financing them.
- The budget document is available for public inspection for at least ten days prior to passage of the annual appropriation ordinance by the City Council, which is also required to hold at least one public hearing.
- Subsequently, the budget is legally enacted through passage of an ordinance prior to July 31.
- Formal budgetary integration is employed as a management control device during the year for all funds, except for the Special Assessment Fund, the Motor Fuel Tax Capital Projects Fund, the Dixie Sibley Fund, the TIF IV Wyman Gordon Fund, the Hotel/Motel Fund, the Road Fund, and the Economic Development Fund.
- Budgets for those funds were adopted on a basis consistent with generally accepted accounting principles.
- Budgetary authority lapses at year-end.
- State law requires that "expenditures be made in conformity with appropriation/budget." As under the Budget Act, transfers between line items and department may be made by administrative action. Amounts to be transferred between funds would require City Board approval. The level of legal control is generally considered to be the fund budget in total.
- Budget amounts are as originally adopted.

-

DEFICIT FUND BALANCE

The following fund had deficit fund balance as of the date of this report:

Fund	Deficit
General Fund	\$ 21,408,203

EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following fund had an excess of actual expenditures/expenses, exclusive of depreciation, over budget as of the date of this report:

Fund		Excess
General	\$	788,807
Motor Fuel Tax	÷	143,161
Debt Service		986,481
TIF I Dixie Square		125,000
TIF II Center Street		1,251,567
Community Development		113,197
Water		659,045
Pace Bus Terminal Parking		5,814
Metra Lot		655,522

NOTE 3 – DETAIL NOTES ON ALL FUNDS

PROPERTY TAXES

Property taxes for 2011 attach as an enforceable lien on January 1, 2011, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1 and August 1. The County collects such taxes and remits them periodically.

DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the City's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the City to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services and the Illinois Metropolitan Investment Fund.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

Notes to the Financial Statements April 30, 2011

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

The deposits and investments of the Pension Funds are held separately from those of other City funds. Statutes authorize the Pension Funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois Bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance companies provided the investment in separate accounts does not exceed ten percent of the Pension Fund's net position. Pension Funds of at least 5 million that have appointed an investment advisor may, through that investment advisor, invest up to thirty-five percent of the plan's net position in common and preferred stocks that meet specific restrictions.

City Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the City's deposits for governmental and business-type activities totaled \$12,114,967 and the bank balances totaled \$8,934,845. In addition, the City has \$219,057 invested in IMET at year-end.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy does not specifically identify limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City's investment in IMET has an average maturity of less than one year to three years.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy does not address credit risk. At year-end, the City's investment in IMET Investment Trust Convenience Fund is rated AAAf by Standard & Poor's and the 1-3 Year Fund is rated AAf by Standard & Poor's.

Concentration Risk. This is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City's investment policy does not address concentration risk. At year-end, there were no investments that represent more than 5 percent of the total cash and investment portfolio.

DEPOSITS AND INVESTMENTS – Continued

City Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's investment policy does not mitigate custodial credit risk for deposits. At year-end, \$4,420,500 of the bank balance deposits was not covered by collateral, deferral depository or equivalent insurance.

For investments, this is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy does not mitigate custodial credit risk for investments and the City's investment in IMET is not subject to custodial credit risk.

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$1,633,781 and the bank balances totaled \$1,333,592.

	 Investment Maturities (in Years)				
	Fair	Less Than			More Than
Investment Type	 Value	1	1 to 5	6 to 10	10
U.S. Treasuries	\$ 3,106,500	377,696	648,860	2,079,944	-
U.S. Agencies	4,229,420	213,125	1,687,990	1,110,656	1,217,649
Illinois Funds	 80,774	80,774		ŝ	
	 7,416,694	671,595	2,336,850	3,190,600	1,217,649

Investments. At year-end, the Fund has the following investments and maturities:

Interest Rate Risk. The investment portfolio shall remain sufficiently liquid to enable the Fund to meet all operating requirements which may be reasonably anticipated.

Credit Risk. The Fund helps limit its exposure to credit risk by primarily investing only in investments authorized by Articles 1 and 3 of the Illinois Pension Code, as amended from time to time, and as authorized by other applicable law, including but not limited to Sections 1-113.2 through 1-113.4 of the Illinois Pension Code (40 ILCS 5/1-113.2-1-113.4). The investments in the securities of U.S. government agencies were all rated AAA by Standard & Poor's or by Moody's Investor Services or were small issues that were unrated.

Custodial Credit Risk. The Fund's investment policy states that except for bank managed money market mutual funds, deposits in excess of federally insured limits in financial institutions will be required to be secured by some form of collateral. At April 30, 2011, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance.

Notes to the Financial Statements April 30, 2011

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Concentration Risk. The Fund's investment policy states the Fund shall diversity investments to avoid incurring unreasonable risks from the practice of concentrating investments in specific security types and/or individual financial institutions. In addition to the securities and fair values listed above, the Fund also has \$6,147,601 invested in equity mutual funds and \$1,569,905 invested in common stock. At April 30, 2011, the Fund has over 5% of plan net position (other than U.S. Government guaranteed obligations) invested in Schwab S & P 500 Select Mutual Funds of \$1,107,617.

Firefighters' Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$46,275 and the bank balances totaled \$48,415.

Investments. The Fund assumes any callable securities will not be called. At year-end, the Fund has the following investments and maturities:

		Investment Maturities (in Years)				
	-	Fair	Less Than			More Than
Investment Type		Value	1	1 to 5	6 to 10	10
U.S. Treasuries	\$	1,790,607	388,835	532,048	101,861	767,863
U.S. Agencies		4,401,006	-	89,779	1,826,226	2,485,001
Corporate Bonds		331,188	130,948	200,240		
Money Market Mutual Funds	_	439,521	439,521	-	20	
		6,962,322	959,304	822,067	1,928,087	3,252,864

Interest Rate Risk. In accordance with the Fund's investment policy, the fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity while at the same time matching investment maturities to projected fund liabilities.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Fund helps limit its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. The Pension Fund's investment policy establishes criteria for allowable investments; those criteria follow the requirements of the Illinois Pension Code. The Investments in the securities of U.S. governmental agencies were all rated triple A by Standard & Poor's or by Moody's Investors Services or were small issues that were unrated. Unrated investments are listed in the following table.

The U.S. Government Backed Securities are guaranteed under the Federal Deposit Insurance Corporation's Temporary Liquidity Guarantee Program and are backed by the full faith and credit of the U.S. Government. The details of the FDIC's guarantee is the earlier of the maturity date of the debt or December 31, 2012. The U.S. Government Backed Securities are as follows:

	Par
Investment	 Value
Bank of America Bond General Electric Bond	\$ 108,262 91,978
	 200,240

The Pension Fund's investment policy also prescribes to the "prudent person" rule, which states, "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, nor for speculation, but for investment, considering the primary objective of safety as well as the secondary objective of the attainment of market rates of return."

Notes to the Financial Statements April 30, 2011

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Firefighters' Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Custodial Credit Risk - Deposits. At April 30, 2011, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance. The Fund's investment policy does not require collateral.

Custodial Credit Risk – Investments. Money market mutual funds and equity mutual funds are not subject to custodial credit risk disclosures. The Fund limits its exposure to custodial credit risk by utilizing an independent third party institution, selected by the Fund, to act as custodial for its securities and collateral.

Concentration Risk. At April 30, 2011, the Fund does not have any investments over 5% of plan net position (other than U.S. Government guaranteed obligations). In addition to the securities and fair values listed above, the Fund also has \$2,284,759 invested in equity mutual funds and \$5,361,264 invested in equity securities. Agency investments represent a large portion of the portfolio; however, the investments are diversified by maturity date and as mentioned earlier, are back by the issuing organization. Although unlike treasuries, agency securities do not have the "full faith and credit" backing of the U.S. Government, they are considered to have a moral obligation of implicit backing and are supported by Treasury lines of credit and increasingly stringent federal regulation. The Fund's investment policy has a stated target that 55 percent of its portfolio be in fixed income securities and 45 percent in equities. The Pension Board has diversified its equity mutual fund holdings as follows:

Investment		Par Value		
Thornburg International Value Fund	\$	932,610		
Lazard Emerging Markets Fund	zard Emerging Markets Fund 768,44			
First Eagle Overseas Fund	554,442

Interfund Transfers

Transfers are used to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due. Interfund transfers for the year consisted of the following:

Transfers In	Transfers Out	Amount
General Hotel/Motel Water	TIF II Center Street General Debt Service	\$ 1,000,000 557,375 760,419
		2,317,794

LONG-TERM DEBT

General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. General obligation bonds issued for business-type activities are reported in the proprietary funds as they are expected to be repaid from proprietary revenues. General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds currently outstanding are as follows:

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Bonds of 2000, due in annual installments of \$115,000 to \$320,000 plus interest at 6.00% to 6.50% through February 1, 2012.	Water	\$ 435,000	1 - 2	320,000	115,000

For the governmental activities, the compensated absences, the net pension obligation, and the net other post-employment benefit obligation are generally liquidated by the General Fund. The general obligation bonds, general obligation refunding capital appreciation bonds, and tax increment financing revenue bonds are being paid by the General, Debt Service, Hotel/Motel, and TIF II Center Street Funds.

For the business-type activities, the Water, Metra Lot and Sewer Funds liquidate the compensated absences. The Water Fund makes payments on the general obligation bonds.

Defeased Debt

In prior years the City defeased general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payment on the old bonds. Since the requirements which normally satisfy defeasance, have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's basic financial statements. Defeased bonds of \$3,025,000 remain outstanding as of the date of this report.

LONG-TERM DEBT – Continued

Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to the incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the Illinois General Assembly has set no limits for home rule municipalities. The City is a home rule municipality.

NET POSITION/FUND BALANCES – Continued

Fund Balance Classifications

In the governmental funds financial statements, the City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Assigned Fund Balance. The City reports assigned fund balance in the Economic Development and Hotel/Motel Funds, both major funds, and in the Road Fund, a nonmajor fund. The City's management, under authority of the Council, has assigned these funds to future improvement projects and equipment and vehicle purchases based on approved management expenditures as determined through the annual budget process.

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the City's employees.

The City is self-insured for a portion of its general liability and property damage claims. Under this program, the City has a self-insurance retention of between \$75,000 and \$100,000 for each general liability and property damage claim based on type of claim. A purchased insurance policy covers losses after the self-retention portion is paid up to \$1,000,000 each property damage claim. All administration and claim processing is done by and independent administrator.

The City carries commercial coverage for its workers' compensation and employee health insurance claims. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

The City currently reports all of its risk management activities in the General Fund. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported that was determined using historical claims data.

As of April 30, 2011 the amount of these liabilities total \$4,710,909 which is the City's best estimate based on available information. Changes in the reported liability since April 30, 2011 resulted in the following:

Claims Payable - April 30, 2009	\$ 6,797,195
Incurred Claims	1,477,641
Claims Paid	(1,874,760)
Claims Payable - April 30, 2010	6,400,076
Incurred Claims	881,162
Claims Paid	(2,570,329)
Claims Payable - April 30, 2011	4,710,909

Notes to the Financial Statements April 30, 2011

CONTINGENT LIABILITIES

Litigation

City of Chicago vs. City of Harvey

On January 20, 2015, a settlement was reached between the City and the City of Chicago ("Chicago") for balances owed by the City for past water purchases. The settlement dictates that the City will pay to Chicago the outstanding balance of \$18,506,313, plus 3% simple interest per annum, over the course of seven years in equal monthly installments of \$243,920 due on the first of each month beginning on February 1, 2015. In addition, the City will pay to Chicago 50% of any Water Fund surplus based on the audited financial statements. The City has also agreed to pay all current invoices by the due date, provide access to Chicago of the City's financial system for the Water Fund, and provide quarterly financial statements and the annual audited financial statements to Chicago.

The outstanding balance owed from the City to Chicago will be recorded as a current liability in the Water Fund until the date of the settlement. Upon the date of the settlement, the amount will be considered a long-term liability of the Water Fund and paid in accordance with the settlement. Any current invoices after the date of the settlement that are outstanding will be recorded as a current liability. As of the fiscal year ended April 30, 2011, the current liability outstanding from the City to Chicago is \$5,113,563.

U.S. Securities and Exchange Commission vs. City of Harvey, Illinois and Joseph T. Letke

In relation to the development project at 17040 South Halsted Street, the City issued the Hotel-Motel Tax and Sales Tax Bonds 2008, TIF Revenue Bonds 2009A, and TIF Revenue Bonds 2010 in the fiscal years ended April 30, 2009, April 30, 2010, and April 30, 2011, respectively. On June 24, 2014, the SEC filed a complaint in federal court against the City and its now-former Comptroller, alleging that: the Comptroller and the City engaged in a scheme to defraud investors in connection with these bond offerings; and the City misled investors in the offering documents for the 2009 and 2010 bonds as well as for a prospective 2014 bond offering.

On December 10, 2014, the court entered an agreed-upon final judgment, settling the lawsuit. Pursuant to the terms of the agreement between the SEC and the City, the City "consented to entry of this Final Judgment without admitting or denying the allegations of the Complaint." The City's ongoing obligations for a three-year period under the Final Judgment include retaining: (a) an Independent Consultant to recommend policies and procedures intended to strengthen internal controls and oversight over City's financial reporting, use of proceeds from the issuance of municipal bonds, and disclosures in connection with preliminary and final offerings of any future securities offering for which City is an issuer or obligated person, and to evaluate and report to the court regarding City's implementation of these recommendations; (b) an Independent Auditing Firm to assist the City in completing annual audits of financial statements and to provide the court annual audits and evaluations of the effectiveness

U.S. Securities and Exchange Commission vs. City of Harvey, Illinois and Joseph T. Letke – Continued

of the City's internal controls over financial reporting; and (c) an Independent Disclosure Counsel to make recommendations designed to ensure that any preliminary and final offering documents are accurate and complete and to ensure that the terms of the final judgment are disclosed in any such offering documents. The Court will continue to monitor that the City will follow the terms of the Final Judgment through the remainder of the three-year term.

City of Harvey Board of Trustees of the Firefighters' Pension Fund v. City of Harvey, Case Nos. 10 CH 53364 & 93 CH 1459, Circuit Court of Cook County, Illinois.

In 1993, the Firefighters' Pension sued the City, alleging that the City failed to adequately fund the Firefighters' Pension in prior years in violation of the Illinois Pension Code. In 1995, the parties entered into a settlement agreement, which required the City to pay \$912,652 to the Firefighters' Pension for the property taxes levied or personal property replacement taxes received on behalf of the Firefighters' Pension.

On December 17, 2010, the Firefighters' Pension filed another lawsuit, alleging that the City failed to levy and fund the Firefighters' Pension as required by the Illinois Pension Code and filed a motion to compel enforcement of the 1995 settlement agreement. On June 25, 2015, the Court issued an Order and Opinion, which contained a preliminary judgment from the Court. The preliminary judgment from the Court ruled the following: (1) the City owes the Firefighters' Pension for past personal property replacement tax collections that have been unpaid in the amount of \$809,952 as of the ruling; (2) the City has failed to levy or failed to levy an amount sufficient to cover the actuarial required contributions from the 2005 to 2013 levies, which has resulted in a deficiency in the contributions made during this time. The City is still awaiting the final ruling of the Court.

A net pension obligation for the Firefighters' Pension has been recorded in the City's Government-Wide financial statements and the unfunded liability of the fund is disclosed in the financial statement footnotes (Note 4). The interfund balance for the outstanding personal property replacement taxes owed to the Firefighters' Pension is \$586,716 as of April 30, 2011. The Firefighters' Pension has recorded the interfund receivable and a corresponding reserve-uncollectible balance, due to the uncertainty of the payments from the City. No other liability has been recorded as it is uncertain how the Court will rule, and any unfavorable ruling against the City is anticipated to be appealed.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES – Continued

Litigation – Continued

Board of Trustees of the Harvey Police Pension Fund v. City of Harvey, Case No. 06 CH 15468, Circuit Court of Cook County, Illinois.

On August 2, 2006, the Police Pension filed a complaint, alleging that the City failed to levy and distribute to the Police Pension statutorily required property taxes since the fiscal year ending April 30, 2002 in violation of the Illinois Pension Code. On February 18, 2008, the parties entered into a settlement agreement, which required Harvey to pay the then-past-due sum of \$551,080. On January 20, 2011, the Police Pension filed a motion to compel enforcement of the settlement agreement as the City had not paid the entire balance outstanding. In addition, the Police Pension alleged that the City has failed to levy or failed to levy an amount sufficient to cover the actuarial required contributions.

On April 3, 2015 the Court ruled in favor of the Police Pension and reached a judgment that the City owes the Police Pension an amount of \$7,334,182, plus prejudgment interest in an amount to be determined. The parties moved to briefing post-judgment motions, which include the City's motion to reconsider and plaintiff's petition for attorneys' fees. The Court has not yet ruled on the post-judgment motions. If the Court rules against the City, the City plans to appeal. While the matter is appealed, execution of the judgment is customarily stayed pursuant to Illinois Supreme Court Rule 305(h) (i) because the City is a municipality. However, the City will have to pay the plaintiff's attorneys' fees and costs. The costs are estimated to be \$39,000.

A net pension obligation for the Police Pension has been recorded in the City's Government-Wide financial statements and the unfunded liability of the fund is disclosed in the financial statement footnotes (Note 4). The interfund balance between the Police Pension and the City's General Fund includes the beginning settlement balances, payments made from the City, and additional personal property replacement taxes owed to the Police Pension. The balance outstanding at April 30, 2011 is \$545,036. The Police Pension has recorded the interfund receivable and a corresponding reserve-uncollectible balance, due to the uncertainty of the payments from the City. No other liability has been recorded as it is uncertain how the Court will rule, and any unfavorable ruling against the City will be appealed.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The City contributes to three defined benefit pension plans: the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system, the Police Pension Plan which is a single-employer pension plan, and the Firefighters' Pension Plan which is a single-employer pension plan. The benefits, benefit levels, employee contributions, and employer contributions for all three plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. Separate reports are issued for the Police and Firefighters' Pension Plans and may be obtained by writing to the City at 15320 Broadway Avenue, Harvey, Illinois 60426. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained on-line at <u>www.imrf.org</u>. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois.

Plan Descriptions, Provisions and Funding Policies

Illinois Municipal Retirement System

All employees (other than those covered by the Police and Firefighters' Pension plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Participating members hired before January 1, 2011 who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. For participating members hired on or after January 1, 2011 who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3 percent of their final rate (average of the highest 96 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service, with a maximum salary cap of \$106,800 at January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a member hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 62, by the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years of credited service may retire at or after age 62 and receive a reduced benefit. IMRF also provides death and disability benefits.

These benefit provisions and all other requirements are established by state statute. Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The City is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. For the calendar year 2010, the employer contribution rate used by the employer was equal to the employer annual required contribution rate of 7.64 percent.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Plan Descriptions, Provisions and Funding Policies – Continued

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

At April 30, 2011, the Police Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving	
benefits and terminated employees entitled	
to benefits but not yet receiving them.	42
Current Employees	
Vested	25
Nonvested	33
2	100

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of 1/2 of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly benefit of a police officer hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a police officer hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, but the lesser of 3% or $\frac{1}{2}$ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

Police Pension Plan – Continued

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2040 the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded.

Firefighters' Pension Fund

The Firefighters' Pension Plan is a single-employer defined benefit pension plan that covers all sworn firefighter personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

At April 30, 2010, the date of the latest actuarial valuation, the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving	
benefits and terminated employees entitled	
to benefits but not yet receiving them.	74
Current Employees	
Vested	29
Nonvested	15
	118

The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes.

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the monthly salary attached to the rank at the date of retirement.

Firefighters' Pension Plan - Continued

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of 1/2 of the monthly salary attached to the rank held at the date of retirement. The pension shall be increased by 1/12 of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years of creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a firefighter hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a firefighter hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, by the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

Covered employees, if any, are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2040 the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Notes to the Financial Statements April 30, 2011

Summary of Significant Accounting Policies and Plan Asset Matters - Continued

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Significant Investments

The Police Pension Plan has \$1,107,617 invested in Schwab S & P 500 Select Mutual Funds that represent 5 percent or more of net position available for benefits. There are no investments in any one organization that represent 5 percent or more of net position available for benefits for the Firefighters' Pension Plan. Information for IMRF is not available.

Related Party Transactions

There are no securities of the employer or any other related parties included in plan assets.

Annual Pension Cost and Net Pension Obligation

The pension liability as determined in accordance with GASB Statement No. 27, "Accounting for Pensions by State and Local Governmental Employers." The pension obligation for the Police and Firefighters' Pension Plans is as follows:

		Police Pension	Firefighters' Pension	Totals
Annual Required Contribution	\$	331,719	1,558,762	1,890,481
Interest on Net Pension Obligation		(6,266)	399,354	393,088
Adjustment to Annual Required Contribution		(307,068)	(282,240)	(589,308)
Annual Pension Cost		18,385	1,675,876	1,694,261
Actual Contribution			-	-
Change in NPO		18,385	1,675,876	1,694,261

Funded Status and Funding Progress

The City's funded status for the current year and related information for each plan is as follows:

	Illinois Municipal Retirement	Police Pension	Firefighters' Pension
Actuarial Valuation Date	12/31/2010	4/30/2011	4/30/2010
Percent Funded	121.90%	82.20%	42.60%
Actuarial Accrued Liability for Benefits	\$9,604,067	\$21,088,519	\$34,923,004
Actuarial Value of Assets	\$11,707,495	\$17,326,535	\$14,876,420
Over (Under) Funded Actuarial Accrued Liability (UAAL)	\$2,103,428	(\$3,761,984)	(\$20,046,584)
Covered Payroll (Annual Payroll of Active Employees Covered by the Plan)	\$3,096,013	\$3,327,595	\$2,482,440
Ratio of UAAL to Covered Payroll	0.00%	113.05%	807.54%

The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS

Plan Descriptions, Provisions, and Funding Policies

In addition to providing the pension benefits described, the City offers post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the City's General Fund.

The City offers post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the City's retirement plans. Elected officials are not eligible for benefits.

All health care benefits are provided through the City's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the City's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan, except in the case of disability and workers comp claims, where retirees do not contribute or only contribute a portion of their health insurance, respectively. For the fiscal year ending April 30, 2011, retirees contributed \$64,291 to the plan. Active employees do not contribute to the post-employment health care plan until retirement.

At April 30, 2011, the date of the latest actuarial valuation, membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled	
to benefits but not yet receiving them.	25
Active Employees	213
Total	
Participating Employers	1

The City does not currently have a funding policy.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Annual OPEB Costs and Net OPEB Obligation

The net OPEB obligation (NOPEBO) as of April 30, 2011 was calculated as follows:

Annual Required Contribution Interest on the Net OPEB Obligation Adjustment to the ARC	\$	328,761 744
Annual OPEB Cost Actual Contribution	2	329,505 (319,106)
Change in the Net OPEB Obligation		10,399
Net OPEB Obligation - Beginning		18,582
Net OPEB Obligation - Ending		28,981

Trend Information

The City's annual OPEB cost, actual contributions, the percentage of annual OPEB cost contributed and the net OPEB obligation are as follows:

	Annual			Percentage		Net		
Fiscal	OPEB		Actual	of OPEB		OPEB		
Year	Cost	Contributions		Contributions		Cost Contributed	O	bligation
2009	\$ 310,152	\$	301,043	97.06%	\$	9,109		
2010	310,516		301,043	96.95%		18,582		
2011	329,504		319,106	96.84%		28,981		

Funded Status and Funding Progress

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Funded Status and Funding Progress - Continued

The funded status of the plan as of April 30, 2011 was as follows:

Actuarial Accrued Liability (AAL)	\$ -
Actuarial Value of Plan Assets	\$ 7,783,204
Unfunded Actuarial Accrued Liability (UAAL)	\$ 7,783,204
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%
Covered Payroll (Active Plan Members)	\$ 11,495,509
UAAL as a Percentage of Covered Payroll	67.71%

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the April 30, 2011 actuarial valuation the entry age actuarial cost method was used. The actuarial assumptions included a 4.0% investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 8.0%, with an ultimate rate of 6.0%. Both rates include a 3.0% inflation assumption. The actuarial value of assets was not determined as the City has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at April 30, 2011 was 30 years.

Notes to the Financial Statements April 30, 2011

NOTE 4 – OTHER INFORMATION – Continued

SUBSEQUENT EVENTS

On July 9, 2012, the City entered into an intergovernmental agreement with the municipalities of Alsip, Blue Island, Calumet Park, Markham, Midlothian, and Robbins to create the South Suburban Joint Action Water Agency (SSJAWA). On August 16, 2012, the members combined to issue \$5,550,000 of Variable Rate Demand Bonds, Series 2012. The Bonds included an Indenture of Trust with a corresponding Letter of Credit and Reimbursement Agreement. The City's portion of these bonds are \$2,130,000 of General Obligation Bonds. The City's bonds had a variable interest rate and were due in installments from \$95,946 to \$337,730 through February I, 2025. In May 2015, the bank informed the members that a mandatory purchase of the bonds became necessary as a result of the expiration of the Letter of Credit and the failure of SSJAWA to provide an Alternate Letter of Credit. At the direction of the bank, the balance in SSJAWA's project fund was used to pay a portion of the outstanding balance. The remaining outstanding bonds balance would be repaid in monthly interest payments with 7.5% to 9.5% interest and May and November principal payments through May 2018. The City's remaining portion at May 2015 was \$1,251,494 with annual principal payments due of \$208,582. In May 2015, various members began to leave SSJAWA, and the intergovernmental agreement has dissolved. The City is still obligated to pay the outstanding debt.

On January 28, 2013 the City established the Dixie Highway Corridor Redevelopment Projects Tax Increment Finance District.

On September 29, 2014 the Illinois Metropolitan Investment Fund (IMET) notified its member agencies of a potential default of certain guaranteed USDA repurchase agreement investments of the United States Department of Agriculture (USDA). IMET is working to collect on the USDA guarantees of these loans. As of the opinion date, the amount of the District's potential exposure is not determinable.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds
- Budgetary Comparison Schedule Major Enterprise Fund
- Combining Statements Nonmajor Enterprise Funds
- Budgetary Comparison Schedules Nonmajor Enterprise Funds
- Combining Statements Pension Trust Funds

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special Revenue Funds are created to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Motor Fuel Tax Fund

The Motor Fuel Tax Fund is used to account for the operations of street maintenance programs and capital projects as authorized by the Illinois Department of Transportation. Financing is provided by the City's share of gasoline taxes.

911 Emergency Surcharge Tax Fund

The 911 Emergency Surcharge Tax Fund is used to account for expenditures for the emergency dispatch center. Financing is provided by the 911 emergency system fee collected on phone bills addressed in the City of Harvey.

DEBT SERVICE FUND

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of financial resources for the payment of principal and interest on the City's long-term debt.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

Economic Development Fund

The Economic Development Fund is used to account for the proceeds of debt used for the acquisition of construction of capital projects.

TIF I Dixie Square Fund

The TIF I Dixie Square Fund is used to account for the incremental property taxes of the Dixie Square Tax Incremental Financing District and the use of those funds.

Hotel/Motel Fund

The Hotel Motel Fund is used to account for the proceeds of the debt issuance and the uses of those funds.

TIF II Center Street Fund

The TIF II Center Street Fund is used to account for the incremental property taxes of the TIF II Tax Incremental Financing District and the use of those funds.

Community Development Fund

The Community Development Fund is used to account for expenditures associated with redevelopment projects within the City of Harvey. Financing is provided by grant revenue.

Road Fund

The Road Fund is used to account for the proceeds of debt used for the acquisition or construction of capital projects.

Special Assessment Fund

The Special Assessment Fund is used to account for revenue from prior special assessments and expenditures associated with improvements to specific assessment areas.

CAPITAL PROJECTS FUNDS – Continued

Motor Fuel Tax Capital Project Fund

The Motor Fuel Tax Capital Project Fund is used to account for revenue and expenditures associated with the design, construction, and maintenance of streets and sidewalks. Expenditures must meet criteria established by the State.

Dixie Sibley Fund

The Dixie Sibley Capital Project Fund is used to account for the incremental property taxes of the Dixie Sibley Tax Incremental Financing District and the use of those funds.

TIF III Cresco Business Park Fund

The TIF III Cresco Business Park Fund is used to account for the incremental property taxes of the Cresco Business Park Tax Incremental Financing District and the use of those funds.

TIF IV Wyman Gordon Fund

The TIF IV Wyman Gordon Fund is used to account for the incremental property taxes of the Wyman Gordon Tax Incremental Financing District and the use of those funds.

TIF V RPM Business Park Fund

The TIF V RPM Business Park Fund is used to account for the incremental property taxes of the TIF V RPM Business Park Tax Incremental Financing District and the use of those funds.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purpose.

Water Fund

The Water Fund is used to account for the provision of water to the residents of the City. All activity necessary to provide such services is accounted for in this fund including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

ENTERPRISE FUNDS – Continued

Pace Bus Terminal Parking Fund

The Pace Bus Terminal Parking Fund is used to account for the receipt of parking charges and for related expenses.

Metra Lot Fund

The Metra Lot Fund is used to account for the receipt of parking charges at the 147th Street parking lot and for related expenses.

Commuter Parking Lot Fund

The Commuter Parking Lot Fund is used to account for the receipt of parking charges at the 155th Street lot and for related expenses.

Sewer Fund

The Sewer Fund is used to account for the provision of sewer services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including administration, operations and maintenance, billing, and collections.

PENSION TRUST FUNDS

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial study.

Firefighters' Pension Fund

The Firefighters' Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the fire department at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by an annual actuarial study.
